WORK SAMPLES

Work samples are a representation of your artistic work created within the last five years (recommended). This is the most important part of your application, as it will be the primary

point of review. Keep in mind the panel reviews a large volume of material in quick succession; therefore, it is very important that you present your work clearly. **This is not a project grant;** therefore you should be submitting work that is completed in part.

TIP: Panelists generally view more recent work (work created within the last five years) more favorably. However, you are also encouraged to submit work that falls outside the recommended five-year timeline.

WORK SAMPLES: MANUSCRIPT

What to Submit

Applicants can submit **up to 20 pages from a manuscript** that best represents their practice. Please also include a **1 page title page** in your PDF in addition to the 20 page manuscript (21 pages in total).

- Your manuscript can consist of a singular body of work or multiple bodies of work.
- The title page should include the title of the piece and the date of completion, but not the name of the author.
- If your work sample includes a combination of excerpts from larger works, you are strongly advised to include substantial portions from each larger work, rather than small fragments.
- **Do not include publication and/or production information anywhere on your manuscript.** Do not include your artistic résumé in your PDF. Materials can be previously published or not.
- If published, scanned excerpts from books or periodicals, in published form, will be ineligible.
- Manuscripts must be in English, or can be translated into English by someone other than the artist.

Note: Panelists are instructed not to review any materials beyond the maximum number of pages allowed (21 pages).

Work Sample Descriptions

Before you upload the .pdf file to your application, you will need to name your file. **Do not label your work sample with your name.** Instead, label it with the title of your work.

Metadata Section in Application: A metadata section will appear on your application form after your work sample has been uploaded. In this section, you will be able to provide the following information:

- Title(s)
- Date of completion(s)
