WORK SAMPLES

Work samples are a representation of your artistic work created within the last five years (recommended). This is the most important part of your application, as it will be the primary point of review. Keep in mind the panel reviews a large volume of material in quick succession; therefore, it is very important that you present your work clearly. **This is not a project grant;** therefore you should be submitting work that is completed in part.

TIP: Panelists generally view more recent work (work created within the last five years) more favorably. However, you are also encouraged to submit work that falls outside the recommended five-year timeline.

WORK SAMPLES: IMAGES

What to Submit

- Images of diptychs, installations, and multi-part works are accepted.
- It is strongly recommended that applicants **not** submit a composite image file of multiple works in an effort to increase the amount of work samples submitted (for example: including 4 image files of 4 separate pieces together in a grid format).

EXAMPLE OF SINGLE IMAGE FILE NOT ACCEPTED:

Work Sample #1	Work Sample #2
Work Sample #3	Work Sample #4

Work Sample Descriptions (Images)

Work Sample Descriptions: Before you upload your files to your application, you will need to rename your files to remove any personal identifying information. **Do not label any work samples with your name.**

RECOMMENDATION: Label each uploaded work sample starting with a number 01 through 10, followed by the title of the work. Number your files in the order you would like them to be reviewed.

Metadata Section in Application: A metadata section will appear on your application form after each work sample has been uploaded. In this section, you will be able to provide the following information:

- **Title**
- **Date of Completion**
- **Materials**
- **Dimensions**
- **Additional information:** Be sure to note whether your work samples represent documentation of a performance, installation, experience, etc

Formatting Tips for Images: When formatting your images, RGB is the recommended color profile for screen viewing. You can use image editing software such as Photoshop, Canva or Preview to edit, resize and format your images.

SUPPORT STATEMENTS: Written Statements About your Artistic Practice

Written statements are to be submitted directly to the application form in the corresponding textboxes. We recommend writing your statements in Microsoft Word or Google Docs and pasting them to Submittable. **Document uploads for written statements will not be accepted.**

- This statement should also specifically reflect the ideas and inspiration relevant to your submitted work samples.
- Use this statement to highlight your role in creating/executing the work, as well as describing the key technical aspects of the work.
- You can also describe the circumstances in which the viewer/audience should experience the work.
- Please include instructions on how to navigate your work if it's interactive.
- **This is not an Artist Bio.**

CULTURAL STATEMENT

(Optional, 250-Words Max.): A supplemental statement that describes how your work is related to and/or rooted in a specific cultural practice, tradition, or community. This statement can also offer an opportunity to describe how your artistic work relates to or stems from your culturally-specific lived experience(s).
